ORCHIDS AND LOVE CELEBRATE VALENTINE'S DAY

The Southern Ontario Orchid Society presents its **35th Annual Orchid Show Sat. Feb. 14th & Sun. Feb. 15th, 2015** at the Toronto Botanical Gardens in Toronto, Ont. from 11:00 AM to 5:00 PM.

What better way to celebrate Valentine's Day with that special someone?

There is nothing more exotic than orchids.

No reason to restrict yourself to Valentine red. Go for the rich darkness of merlot; add the purity of new fallen snow. Then top it off with the yellow brilliance of spring sunshine. Orchids come in any colour you desire, as well as mixtures to delight any happy toddler. No need for bottled perfume, orchid scents are incredible.

After relaxing among the artistic designs filling the Floral hall and learning how to care for them at the seminars shop the extensive sales area to enjoy the long lasting flowers at home.

Be warned orchids enchant and possess you.

The Southern Ontario Orchid Society is a non-profit organization dedicated to bringing orchid lovers together. Under SOOS' guidance members share their knowledge about growing, breeding, preserving and conserving the vast family of orchids.

Proceeds from the show support conservation of orchid habitat both in Canada and in the tropics.
